

ELECTRONIC PROGRAMMER

Simple and user friendly : digital screen, precise control of temperature
Preset ironing speeds, not adjustable

EFFICIENCY

Acoustic comfort : <55 dB
Minimum space requirement: space saving, suitable for small spaces
Ideal for processing small quantity of flat linen in facilities like restaurants, guest rooms, hostels...

ROBUSTNESS

Nomex quality coating: resistant to high temperatures
Panels in grey skinplate and stainless steel
Wooden feeding board
New kinematics, better reliability
Industrial components, more durable

FEATURES

Large roll contact area with the linen
Automatic roll lifting control by photocell detection
Two available models:
Standard: roll with cotton polyester coating
Nomex: roll with Nomex coating

MAINTENANCE

Easy installation : requires only an electrical connection
Easy access on both sides for maintenance
Quick and easy dismantling of bearings

OTHERS

Front feeding and return
Roll ø 250 mm
Working widths: 1.000 , 1.200, 1.400 and 2.000mm
Electric heating
CE certification

OPTIONS

- Pedal control instead of photocell
- Tension 440V III 60 Hz without N (marine)
- 230V III+T 50-60 Hz
- 230V I+N+T 50 Hz (except model PR-2025)
