

WINNING THE FUTURE THROUGH INNOVATION

DOMUS LAUNDRY KIOSK

Contactless central pay

2025

A new era in payment management.

At DOMUS, we believe in constant evolution. With the DOMUS LAUNDRY KIOSK, we take your self-service laundry experience to the next level.

Designed to be intuitive, elegant and highly functional, this innovative payment system makes financial management simpler and more efficient for both you and your customers.

32"

Maximises visibility and ease of use

- ✔ 32" touch screen with integrated printer option.
- ✔ Large screen, ideal for displaying payment options, reservations and promotions clearly and drawing attention to your business.
- ✔ Connection: Ethernet or pulse (option).

12"

Compact and versatile

- ✔ 12" touch screen without integrated printer.
- ✔ Its compact size is perfect for small or walk-through locations.
- ✔ Connection: Ethernet or pulse (option).
- ✔ Can be added as an option in Clean&Move modules.

What is the DOMUS LAUNDRY KIOSK?

The DOMUS LAUNDRY KIOSK is the new and revolutionary contactless payment centre designed to optimise the financial management of your self-service laundry and facilitate payments to your customers.

With an elegant, modern design and touch screens in two sizes, it allows the selection of machines, programmes and payments by contactless reader as well as a more comfortable and secure management of your income.

Link all your machines

Via Ethernet or pulse communication (optional¹), you can add all washing, drying, and service machines.

Printer

A printer can be added to issue service tickets (optional for 32").

Clean&Move

The mobile laundry module Clean&Move can be equipped with a 12" DOMUS LAUNDRY KIOSK central pay.

¹ Unlimited connections via Ethernet for TOUCH II machines. Pulse communication (optional) for M-control machines and equipment from other manufacturers, with a maximum of 8 machines per KIOSK.

KEY ADVANTAGES

With Domus's new contactless central pay, you not only modernise and digitise your laundry but also optimise payment management and enhance your customers' experience. This innovative system allows you to deliver a more convenient, secure, and efficient service, increasing customer loyalty thanks to these key advantages:

Easy to install

Connect it to the internet via Ethernet and set it up in minutes.²

² Requires placement with a minimum clearance of 25 cm on the left for technician access.

Full remote control

Manage prices, promotions, and reservation times from anywhere using IoT technology.

Wide compatibility

Supports managing machines with TOUCH II microprocessors via Ethernet or pulse communication (optional)³ or M-control machines and equipment from other manufacturers.

³ Maximum connection of 8 machines via pulse communication per KIOSK. Requires the "External signal card for pulses" option.

Contactless payments

Enables payments via card, mobile, or smart devices (NFC).

Security and simplicity

No coins or cash needed. Everything is digital and secure.

Customisable vinyls

Templates with personalised usage instructions are available.

OWNER

How do I manage the KIOSK?

The **DOMUS LAUNDRY KIOSK** adapts to the needs of your laundry, making life easier for both you and your customers. In addition to improving security and the user experience, you can manage and monitor your central pay and revenues from the free DOMUSCONNECT platform, under the “machines” menu.

As the owner, you can:

Manage your KIOSK: Register and list your central pays for your laundry or Clean&Move module.

Centralise your finances: Monitor all your laundry’s transactions in real time from one place. Manage payments, refunds, and view performance charts, among other features.

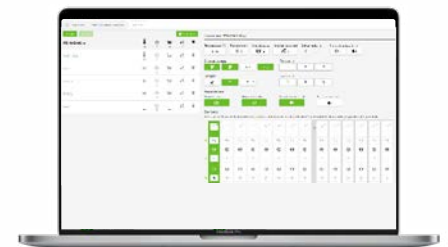

Create personalised promotions: Offer exclusive deals displayed on the KIOSK screen.

ONNPay: Operate the new standard payment gateway integrated into the KIOSK, which provides significant benefits and increases profitability.

- ✔ No setup fees.
- ✔ No fixed costs or annual licence fees.
- ✔ Very low commission rates with no fixed charges.*

*Please consult commissions and countries of application.

Allows you to manage your entire business remotely

KIOSK, schedules, prices, payment methods, promotions and view live metrics and reports of consumption and profits among others.

Customer

How does the KIOSK work?

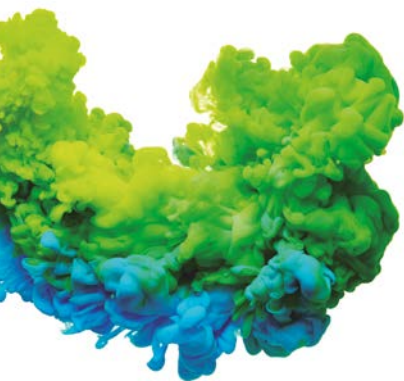

Through a large touchscreen, your customers can easily select their desired machine, choose a programme, make a payment, and access exclusive promotions.

Your customer only needs to follow these simple steps to complete their laundry service:

1. Select their preferred language.
2. Choose the service: washing, drying, or any other service available on the machine.
3. Select the machine.
4. Choose a programme.
5. Pay via contactless card or mobile.
6. Load their laundry and press "START" on the selected machine to begin the cycle.

Fast, intuitive, and easy to use.
